

purchased, the premium must be paid from funds available under the Performance Funding System or from reserves.

[59 FR 31930, June 21, 1994, as amended at 64 FR 50228, Sept. 15, 1999]

EFFECTIVE DATE NOTE: At 64 FR 50228, Sept. 15, 1999, §965.215 was amended by revising paragraphs (a), (b) introductory text, (b)(1), (c), and (d), effective Sept. 15, 2000. For the convenience of the user, the superseded text is set forth as follows:

§ 965.215 Lead-based paint liability insurance coverage.

(a) *General.* The purpose of this section is to specify what HUD deems reasonable insurance coverage with respect to the hazards associated with testing for and abatement of lead-based paint that the PHA undertakes, in accordance with the PHA's ACC with HUD. The insurance coverage does not relieve the PHA of its responsibility for assuring that lead-based paint testing and abatement activities are conducted in a responsible manner.

(b) *Insurance coverage requirements.* When the PHA undertakes lead-based paint testing and abatement, it must assure that it has reasonable insurance coverage for itself for potential personal injury liability associated with those activities. If the work is being done by PHA employees, the PHA must obtain a liability insurance policy directly to protect the PHA. If the work is being done by a contractor, the PHA may obtain, from the insurer of the contractor performing this type of work in accordance with a contract, a certificate of insurance providing evidence of such insurance and naming the PHA as an additional insured; or it may obtain such insurance directly. Insurance must remain in effect during the entire period of testing and abatement and must comply with the following requirements:

(1) *Named insured.* If purchased by the PHA, the policy shall name the PHA as insured. If purchased by an independent contractor, the policy shall name the contractor as insured and the PHA as an additional insured, in connection with performing work under the PHA's lead-based paint testing and abatement contract. If the PHA has executed a contract with a Resident Management Corporation (RMC) to manage a building/project on behalf of the PHA, the RMC shall be an additional insured under the policy in connection with the lead-based paint testing and abatement contract. (The duties of the RMC are similar to those of a real estate management firm.)

* * * * *

(c) *Exception to requirements.* Insurance already purchased by the PHA or contractor and in force on the date this rule is effective which provides coverage for the hazards involved in testing for and abatement of lead-based paint, shall be considered as meeting the requirements of this rule until the expiration of the policy. This rule is not applicable to architects, engineers, or consultants who do not physically perform lead-based paint testing and abatement work.

(d) *Insurance for the existence hazard.* A PHA may also purchase special liability insurance against the existence hazard of lead-based paint, although it is not a required coverage. A PHA may purchase this coverage if, in the opinion of the PHA, the policy meets the PHA's requirements, the premium is reasonable, and the policy is obtained in accordance with applicable procurement standards. (See 24 CFR part 85 and §§965.205.) If this coverage is purchased, the premium must be paid from funds available under the Performance Funding System or from reserves.

Subpart C—Energy Audits and Energy Conservation Measures

SOURCE: 61 FR 7969, Feb. 29, 1996, unless otherwise noted.

§ 965.301 Purpose and applicability.

(a) *Purpose.* The purpose of this subpart C is to implement HUD policies in support of national energy conservation goals by requiring PHAs to conduct energy audits and undertake certain cost-effective energy conservation measures.

(b) *Applicability.* The provisions of this subpart apply to all PHAs with PHA-owned housing, but they do not apply to Indian Housing Authorities. (For similar provisions applicable to Indian housing, see part 950 of this chapter.) No PHA-leased project or Section 8 Housing Assistance Payments Program project, including a PHA-owned Section 8 project, is covered by this subpart.

§ 965.302 Requirements for energy audits.

All PHAs shall complete an energy audit for each PHA-owned project under management, not less than once every five years. Standards for energy audits shall be equivalent to State
